Plus a 1,000 km in Alberta

On June 14th, 2019 Art Brochu is hitting the road once again to raise awareness and donations for; Children's Wish Foundation of Canada. He will be leaving Alberta Beach cycling to SK and the US border, then on July 1st from US/Saskatchewan border cycling the 29 kilometers to Estevan which kicks off his province wide ride. From June 14th through 26th July, Art will cycle approximately three thousand kilometers throughout Alberta & Saskatchewan introducing the work of The Children's Wish Foundation and telling some amazing wish stories. Plus, he will speak to PTSD and the relationship to Health and Wellness and Children's Wish Foundation plus how all three are related and how activity may be an answer. The presentations will be short, relaxed, friendly and informational to all.

In 2014 at the age of 70 Art cycled across Canada to raise awareness and donations for "Children's Wish Foundation" for a total of 9,285 km's. Then in 2017, in celebration of the 150th birthday for Canada, 100th birthday for the Lion's Clubs International, 100th birthday of the NHL and Art & Beth's 50th Wedding Anniversary, Art cycled Alberta for wishes. His trip began in Fort Hills and over 5,300 kilometers later, concluded at the provincial legislature in Edmonton.

Children's Wish Foundation of Canada is the largest and only all-Canadian wish granting charity dedicated to granting wishes to Canadian children between the ages of 3 and 17 who are diagnosed with a life-threatening illness. For more than 30 years, Children's Wish has worked tirelessly to grant heartfelt wishes to over 25,000 children and their families – that's three wishes each and every day, all year long!

You can help by sponsoring Art and/or providing a space and hosting an appearance. (BBQ, welcome group, or pot luck, etc.) Below are details of sponsorship and the communities Art will be visiting. You will see on the following schedule the dates that Art will be visiting your community, please help.

Thank you so much for your help and caring.
