

**SATHER,  
Melvin Edward**

**May 13, 1925 - Mar. 10, 2018**

Melvin Sather, aged 92 years, of Watrous, Sask. passed away peacefully in his sleep at Central Parkland Lodge, Lanigan, Sask. on Saturday, March 10, 2018.

Melvin was born on the family farm near Renown, Sask. on May 13, 1925, the fourth of seven children born to Sverre and Marie (Lilleby) Sather who both immigrated from Norway. Melvin obtained his formal education at Highwood School located just three miles from the family farm. Melvin married the love of his life Dorothy Jean Mellesmoen on October 9, 1947 and were blessed with five children: Milton, Judy, Alan, Calvin and Laurie. The school and land was purchased by Melvin and Jean. To this day the school still stands and the land is farmed by the family. Melvin purchased the land his dad bought in 1910. He lived on the family farm until retiring to Watrous in 1982. Melvin was born to farm. He claimed to have started farming with raising chickens and shipping eggs to the hatchery, making big money of \$1 a dozen. There was always cows to milk and cream to ship. In 1960, Melvin purchased the homestead of Sigvald and Grace (Hill) Mellesmoen in the Hawkshaw area which was Jean's family farm. In 1974 a new pig barn was built. With the help of his sons this remained in operation until 1998. When he retired, he took the pride of farming with him to town and began gardening. He was very proud of his ribbons he received at the Watrous Horticulture Show. Melvin enjoyed his sports. He played men's softball in Renown, was in a bowling league in Watrous and hockey became his sport of choice. Saturday evening was spent on the edge of his seat watching Hockey Night in Canada. As his sons got involved in hockey he began coaching them. Later in life they played for the Watrous senior team. He faithfully attended the Winterhawk games until about three years ago. As the years rolled along he enjoyed attending many of his grandchildren's activities. His hobbies included coin collecting, willow chair making and enjoyed fishing. He was a mathematician, nobody could add like he could. He loved playing cards to pass the time. Melvin also had a love for music and enjoyed singing or yodelling whenever he had the opportunity. After retirement, Melvin and Jean enjoyed a Mediterranean and a Panama Cruise, went on trips to Maui and Honolulu, Sweden, Norway, New Orleans, as well as bus trips to various states and casinos. A big change after moving to town was the freedom to be part of the fellowship at the Drop-In Centre. He made his rounds to purchase his 649 tickets and a quick daily visit at the post office and grocery store. Melvin and Jean loved to go for a good drive whether it was to the beach, checking crops or the yearly trip to watch the development of the Gardiner Dam. Many trips were made to the farm in the fall to bring snacks and drinks for the hard working crew. Another great accomplishment was the production of *When Pigs Fly* produced in January 2003, which captured Melvin telling his story of a tornado he drove through in April 1958 that was presented on the History Channel titled *Weather Untamed*. Melvin had a sweet tooth. You could be guaranteed there were jujubes and many other treats when stopping for a visit. He loved Norwegian food such as lefse, flatbread and lutefisk. Melvin's greatest treasure was his wife and family. He especially loved his grandchildren and great-grandchildren and his face lit up when he saw each and every one of them. Melvin lived life to the fullest. He was a hardworking man who was very friendly and outgoing, humorous, a great storyteller and enjoyed a good laugh which carried on until his passing.
